**Just so you know, where we cross into the edge of the Sahara there will be no ambulance services and what medical facilities do exist will be basic. In the unlikely situation of there being an accident, there will be little chance of good quality support to get you to a hospital should this be required so you will need to be transported in our support vehicle. We will however take any accidented rider to the best private hospital available - which are well equipped. Please ensure you have full medical and repatriation insurance. Are you aware of this? What are your thoughts?**

**There are the following additional costs, please tick the box so we know you are aware of them.**

These are increasing but have been as low as 75p a litre in southern Morocco.

**3<sup>rd</sup> Party Motoring Insurance**

Insurance for Morocco can be bought from some UK insurers, so please check if your insurer will offer you 3<sup>rd</sup> party cover. Road legal insurance is available at the Moroccan border and costs were around £50 in 2016.
